

fwi::grid::Grid::getExportCtlPath

export_indexes

main

```
graph RL; main --> export_indexes; export_indexes --> fwi::grid::Grid::getExportCtlPath;
```

The diagram illustrates a call stack with three frames. The rightmost frame is labeled 'main'. An arrow points from 'main' to the middle frame, labeled 'export_indexes'. Another arrow points from 'export_indexes' to the leftmost frame, labeled 'fwi::grid::Grid::getExportCtlPath'. The leftmost frame has a gray background, while the other two are white.
